

Kelly Lane Middle School Theatre Arts Handbook

KLMS Theatre Latex Permission Form

Students in Theatre 2 will use liquid latex to create various looks with special effects make-up. In order to do this responsibly, students must have permission. Students will not be allowed to participate in any special effects make-up lessons without this form on file.

Please check one of the following.

My child is not allergic to latex. He/she may use liquid latex with my permission.

My child is allergic to latex and will need alternative materials for a special effects make-up lesson.

I am unsure whether or not my child has a latex allergy. I give Mrs. Loy permission to perform a skin test on my child's forearm. If there is no allergy, my child has permission to work with liquid latex. If there is an allergy, I would like Mrs. Loy to disclose this information to me, and my child will need alternative materials for special effects make-up.
