

# *High School Musical Jr Audition Step-by-Step*

- ❖ Preparation is important. Start rehearsing your scene and song now to feel comfortable. Remember, this is a canned musical. Practice with the music on the Google Drive. You MUST be logged in to your PfISD email for access.
- ❖ On the day of your audition, go to the cafeteria and have a seat. You will be taken to the audition room (choir room) in groups of ten at a time. Only one student will enter while the rest wait outside. When you are finished with your audition, please leave with your parents as soon as possible. You will not be allowed to roam the hallways. If you do, your audition will not be considered for casting.
- ❖ Each audition will last 3-5 minutes. Walk in the door with confidence. Slate your name (say your name, grade, and the role for which you are auditioning). Do not begin your audition until a director says, “You may begin.”
- ❖ You will sing your song first. You will sing for about one minute, which is likely to be a verse and chorus of your song. We will turn off the music after the minute is over.
- ❖ After you have finished singing, you will read for your character. Scripts and a scene partner will be provided.
- ❖ During the last section of your rehearsal, you will be asked to step-touch or clap to the beat of a song. We just want to see that you can hear the beat.
- ❖ If you are auditioning for Troy, Gabriella, Ryan, Martha, or Sharpay, you will need to be prepared to dance. This will be an 8-16 measure impromptu dance to music chosen by you.

The script is available online at [knightdrama.org](http://knightdrama.org) under the “Musical” section.

Listed below are the characters and the song(s) with which you must audition. Scripts are available in the Google Drive.

<u>CHARACTER</u>	<u>SONG</u>
